

5 December 2017

JQ: 230/17

Mr Richard Kidd
C/O Returning Officer
Catholic Systemic Schools EA Vote

Via email: help@austelect.com

Dear Richard

This letter is in relation to the voting process conducted by the Australian Electoral Company.

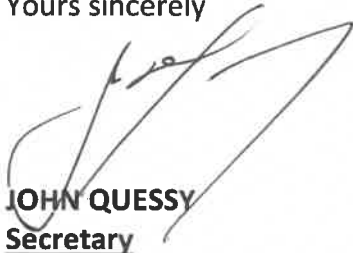

IEU members in the Armidale Diocese have reported that the emails are going to spam.

The Wollongong Diocese has had an internet outage (a fire apparently) and it appears members are unable to vote.

Members in the Parramatta Diocese are reporting a “phishing scam” and a consequent notice to employees requesting they avoid opening emails not familiar to them. Plainly, this situation has the capacity to impact on the voting process.

The Union requests that urgent advice be provided to employees as to how these problems will be addressed.

Yours sincerely

JOHN QUESSY
Secretary
