IEU - the Union for early childhood teachers

April 2017

Hi,

Do you have casual teachers working at your centre or preschool? The IEU offers a special low rate for casual teachers - only \$150 for the whole year. For that price they get all full Union support and free PD. Why not ask them if they would like to join today?

Feel free to send this enews to your colleagues.

### Universal access? I think not!

The expansion of early childhood education in Australia to allow access to a structured and play based early learning program to all children in the year before they enter school is meant to be a universal access policy.
