An Introduction to NESAs

What is the NSW Standards Authority (NESA)? What do they do? How does accreditation work? What role does a school or system have and what role does a teacher have? This course will outline the functions of NESA and the Australian Institute for Teaching and School Leadership (AITSL).

We'll unpack the terminology and jargon, shed light on the processes and help you become familiar with the Australian Professional Standards for Teachers.

Please note – this is not specifically a course about how to reach Proficient Teacher accreditation.

To register your participation please contact Marie-Claude on 8202 8900 or email pd@ieu.asn.au. This course requires a minimum of 12 registrations to run. Please tell your colleagues!

Completing How NSW Accreditation Works will contribute 2 hours of NESA Registered PD addressing 6.1.2; 6.3.2; 7.2.2; 7.4.2 from the Australian Professional Standards for Teachers towards maintaining Proficient Teacher Accreditation in NSW
