

April 2023

Dear

Welcome to your first edition of *Future Perfect* for 2023. Your sector continues to bounce back, with college enrolments increasing, particularly from South American countries. In this issue we discuss these signs of growth, changes to the *Fair Work Act* that may affect your life, pay rises and other issues home and abroad.

As our sector begins to expand again and new teachers come onboard, it's important to let them know about the IEU. Share this update with your colleagues, and if they're not members, talk to them about [joining the IEU](#).
